

Are you prepared for the contraceptive implant? It is now covered by Medi-Cal and Family PACT.

Are you challenged by the myriad of contraceptives available for your patients?

Come learn and review what it takes to screen, start and maintain your patients on the newly available contraceptive implant.

Would you like an opportunity to spend the afternoon with one of the most knowledgeable people in the contraceptive field (and an excellent speaker)?

-
- ***Information and hands-on workshop about insertion and removal of the contraceptive implant.***
 - ***Implanon® is available through Medi-Cal and Family PACT .***
 - ***Get training now! Hands on Implanon® insertion practicum!***

Objectives

Upon completion of this workshop, the participant will be able to:

- **Counsel patients on the hormonal contraceptive implant including:**
 - *Mechanisms of action*
 - *Failure rates*
 - *Contraindications*
 - *Potential side effects & complications*
 - *Management of complications*
- **Suggest ways of increasing successful patient utilization of this contraceptive method**
- **Describe the steps to follow to correctly place a contraceptive implant**
- **Describe the steps to correctly remove a contraceptive implant**

This session, which is sponsored by Schering-Plough, is not accredited for continuing education credit. The training is open to advanced practice clinicians with furnishing numbers or prescribing privileges in their state and to physicians only.

It is Schering-Plough's policy to verify all clinicians' practice, license and eligibility information in advance of the training. Schering-Plough will contact you directly if there is a problem regarding this process. Attendees are expected to attend the entire training. Certificates of attendance will not be issued to those who arrive late or leave early. The tuition fee will be used by Women's Health Care Clinic Education Program to offset administrative expenses.

Our Philosophy

Originated as the Women's Health Care Nurse Practitioner Program in 1969 at the Harbor-UCLA Medical Center.

The WHCNP, now part of the Women's Health Care Clinic, is dedicated to enhancing the clinical skills of those who provide care to women through continued professional development.

Our courses encompass:

- *Practical, clinically oriented topics*
- *Hands-on educational techniques*
- *Principles of adult learning*
