

ADMISSION REQUIREMENTS

- Current US license as an advanced practice clinician (NP, CNM, PA)
- Two years clinical experience as an advanced practice clinician, specifically caring for the health needs of women
- Current malpractice insurance
- Participants are responsible for arranging their own preceptorship prior to applying to the program. Preceptor information and agreement forms are submitted along with the application

TEACHING METHODS *3 parts:*

- **Class instruction:** *Intensive 3½ day experience including: lecture, slide identification, case studies, videos and laboratory practicum*
- **Preceptorship:** *consists of 50 (including 10 High Grade lesions) colposcopic evaluations performed near the student's home, under the guidance of an experienced colposcopist, who has recent continuing education related to lower genital tract disease*
- **Examination:** *Final written examination*

Mail Registration form to:

Women's Health Care Clinic Education Program

Attn: L. Short

1124 W. Carson St., N-28

Torrance, CA 90502

Objectives

Upon completion of this workshop, the experienced Women's Health Care Provider will be able to:

- Correctly identify abnormal genital lesions using a colposcope
- Safely triage, diagnose and treat women with abnormal cytology and lesions of the lower genital tract.
- Discuss current management strategies related to pre-invasive and invasive cervical, vaginal, and vulvar lesions

FEES & QUALIFICATION

- The Basic Colposcopy Course at Harbor-UCLA is open to NP's, PA's and CNM's with a minimum of 2 years experience in women's health care.
- Registration fee of \$1,250.00 is required prior to starting date of your course.
- The course book as required reading, is additional to the course fee
- A deposit of \$250.00 is due with your registration. The balance is due 2 months before the course date. The registration fee is refundable, less \$50 processing fee if your cancellation is received 30 days prior to your program date. After that date, a \$100 cancellation fee will be charged.
- Please make checks payable to: "LA BioMed"

Our Philosophy

Originated as the Women's Health Care Nurse Practitioner Program in 1969 at the Harbor-UCLA Medical Center.

The WHCNPP, now part of the Women's Health Care Clinic, is dedicated to enhancing the clinical skills of those who provide care to women through continued professional development.

Our courses encompass:

- *Practical, clinically oriented topics*
- *Hands-on educational techniques*
- *Principles of adult learning*
